

Promoted

LT. D. M. WILLIAMSON

Lt. Douglas M. Williamson was promoted to 1st Lt. Oct. 21 at Fort Monmouth, N. J. His present job as an electrical engineer is designing and testing microwave antenna systems used by the U.S. Army Signal Corps. He received his first commission with the Ordnance Corps after ROTC training at Tuskegee Institute, Ala. where he received his B.S. in Electrical Engineering in May 1966. He graduated from Yerger High in 1961.

Prior to entering the Army he was employed by the FCC at Washington, D.C. in broadcast division. He is the son of Mr. and Mrs. S. W. Williamson of Hope Rt. 4 and is married to the former Gwendolyn Jackson of Tuskegee. They have a daughter. The Lt. and his family will spend part of the holidays with his family.

Mrs. Autry Refuses to Withdraw

BLYTHEVILLE, Ark. (AP)—Mrs. L. H. Autry of Burdette, one of two candidates to file for the Jan. 30 special election prior to the deadline, refused to withdraw from the election Tuesday, thereby limiting the number of qualified candidates to two.

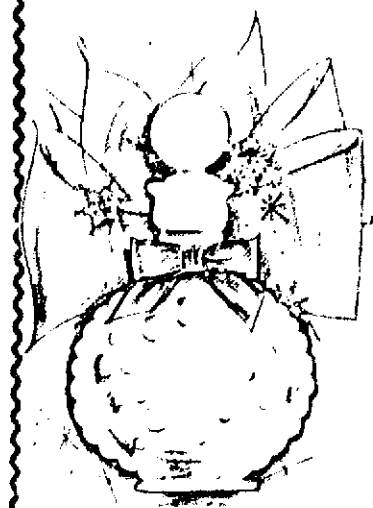

The election was called to fill a vacancy in the Arkansas House created by the death of Mrs. Autry's husband.

Ed Allison of Blytheville, the other candidate to beat the filing deadline, said Monday he was willing to withdraw so that the election date could be moved back and the deadline extended.

Charles Moore, a Luxora farmer, had indicated that he intended to run in the election but he did not file prior to the Dec. 15 deadline. Moore said Tuesday he would be a candidate for the seat in July.

Bill Wunderlich, chairman of the Mississippi County Election Commission, had announced that the deadline would be Jan. 9 but changed the date to Dec. 15 after conferring with Atty.

Wine From His Own Grapes: Actor Likes Birds and Women

By HAL BOYLE
NEW YORK (AP) — Rex Harrison says he can't understand why he is regarded as sophisticated.

"I don't feel at all suave, velvet or sophisticated," he said, taking a modest sip of pre-lunch champagne in his hotel suite.

"I'm not sophisticated at all. Otherwise, I wouldn't live on top of a hill and make wine. I'm happiest when I'm living the life of a peasant, which is about the best you can do."

When their careers permit, he and his wife, Rachel Roberts, live the simple life together with five cats and a basket hound named Homer at a small hillside estate at Portofino on the Italian Riviera. There they make wine from their own grapes.

"I make about 12 or 14 demi-johns a year," said the film star. "Right now I've got quite a backlog. I suppose I'll have to get some labels made and flog it to the village."

The 59-year-old actor, who is as disarming in person as he is charming on the screen, is momentarily at loose ends following the completion of "Dr. Dolittle," the animal classic in which he speaks to several species, ranging from a crocodile to a goldfish, in their own tongues.

During the filming of this \$20-million epic he became one of the handful of people who have ever taken a ride on a giraffe's back.

"It was done with great care — the animal had to be trained for a year," said Harrison, who enjoyed working with the animals.

Rex, having appeared in some 31 films, believes he'd like to direct one for a change.

I asked Rex what he thought his biggest virtue as a human being was, and his biggest defect.

"Well," he said, "my philosophy is that one should make the most of every moment of one's life. That implies dedication, and whether I'm working or playing I try to do it in a dedicated manner."

"As to faults, I have many, but I suppose the greatest is introversion, or self-absorption, which is probably true of most actors. But we get rid of it to some extent through our performances."

What are the things you like, Rex?

"The sun most of all, I'm very fond of first light and sunsets — the opportunity of meeting a great number of people, but also being solitary at times — country sounds rather than city sounds — bird sounds particularly — reading — three-button jackets — tweed suits — the music of clarinets and flutes — the feeling of hardly ever being bored — and spirited women."

"Spirited women can cause a tremendous lot of bother, but they are well worth it."

And what are your dislikes, Rex?

"Snobs — people who try to be what they aren't and have affectations that don't become them — women who have no real interests beyond their social life — sitting through an opera, that tion."

will show you how lowbrow I am — and having my house burgled. It's happened to me more than once, and I find it a very spooky experience."

S. VIETNAM (From Page 1)

accord with the 1954 and 1962 Geneva agreements; one man, one vote government in the South and peaceful negotiations for North-South reunification.

The President was interviewed in his White House office Monday morning by correspondents from the three major networks, which trimmed his remarks to fit the one-hour program.

Chatting earnestly and leaning forward occasionally in his rocking chair as he stressed a point, Johnson also made these observations:

"I don't know what the effect of the Kennedy-McCarthy movement is having in the country" but "I do know of the intensity and the ambition of both of them — I see that reflected from time to time."

A spokesman for Sen. Robert F. Kennedy, D-N.Y., said, "It seemed a very curious way for the President to promote party unity."

Sen. Eugene J. McCarthy of Minnesota, an avowed candidate for next year's Democratic presidential nomination, could not be reached immediately for comment.

While Johnson again declined to say whether he'll seek re-election, he said he's sure the Republicans will still wind up in the minority on election day.

He is going to appeal to every Republican in Congress to "do what is best for his country" and "I am going to do what I think is best for my country, at home and abroad, without regard to what effect it has on my future."

"Business and production will pick up next year and we look forward to continued prosperity," he said. He called still essential the administration's proposed 10 per cent income tax surcharge.

U.S. policy toward Europe has recorded "more success during 1967 than in any other period." Accomplishments range from the new tariff agreements to revamping of the North Atlantic Treaty Organization.

Johnson is sorry about his differences with French President Charles de Gaulle, but says relations between the American and French people remain friendly.

The Middle East still presents "one of our most dangerous situations" and will require efforts by all parties concerned to achieve a solution. The United States has a "very definite interest in Israel" but not a mutual security treaty commitment to defend her.

"Our progress in space exploration is not built on tax incentives, but on direct relations between government and business that bring forth the required participation by private enterprise," he said.

"Our capsules are not propelled into space by the Internal Revenue Code," added Surrey.

Another Treasury official, Melvin I. White, deputy assistant for tax policy, said if the nation continues down the tax-incentive road the Treasury will soon be making crucial decisions in all economic matters.

"I can assure you that the prospect of such an empire is not really an appealing one to the Treasury Department," he added.

A tax system, Surrey said, is presumably designed to raise money but at present is more like a spending system couched in tax language.

It's the Treasury Department and it does these and other jobs through tax relief and tax incentives. Officials don't particularly relish the task and would like to give it up to experts in these fields.

They relish less the long list of bills awaiting Congress' return next year which would provide a variety of tax credits ranging from underground transmission lines to antipollution devices and higher education.

And they have a strong ally in Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee, who contends a tax incentive is nothing more than back-door spending and a failure to face up to a direct-spending program.

Mills said approval of any of the tax credit measures now before his committee would only whet appetites for a legion of other possible credits.

His opposition, together with that of the Treasury Department, will probably mean the death of tax-credit bills standing on their own. They could be attached as riders to other legislation, however.

Money saved through a tax credit, Mills said, must be made up by the rest of the nation's taxpayers and increases the deficit just as much as direct spending because it lowers the Treasury's tax revenues.

Says Wilbur Mills Is a Strong Ally

By JOSEPH R. COYNE
Associated Press Writer
WASHINGTON (AP) — Which federal department aids the elderly, helps the lumberman and promotes livestock production — all at the same time?

It's the Treasury Department and it does these and other jobs through tax relief and tax incentives. Officials don't particularly relish the task and would like to give it up to experts in these fields.

They relish less the long list of bills awaiting Congress' return next year which would provide a variety of tax credits ranging from underground transmission lines to antipollution devices and higher education.

And they have a strong ally in Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee, who contends a tax incentive is nothing more than back-door spending and a failure to face up to a direct-spending program.

Mills said approval of any of the tax credit measures now before his committee would only whet appetites for a legion of other possible credits.

His opposition, together with that of the Treasury Department, will probably mean the death of tax-credit bills standing on their own. They could be attached as riders to other legislation, however.

Money saved through a tax credit, Mills said, must be made up by the rest of the nation's taxpayers and increases the deficit just as much as direct spending because it lowers the Treasury's tax revenues.

The Treasury has no over-all estimate of the tax loss from credits and other incentives but the special exemption for sick pay paid to workers costs \$100 million yearly alone. Other forms of tax relief run into the billions.

President Johnson could ask for an overhaul of some tax incentives when he submits his promised tax-revision bill to Congress next year.

Stanley S. Surrey, a former Harvard University professor and now assistant Treasury secretary for tax policy, has placed his department on record against tax incentives to solve the nation's social ills.

He and other Treasury officials, like Mills, prefer the direct approach.

"The immediate leap to the tax solution serves only to stultify thinking about these social problems," Surrey has said.

And once the leap is made there's no chance to explore details of a program each year as Congress would do if direct federal spending were involved.

Surrey also contends tax relief closes the door to the study of alternative solutions to the many problems facing the nation.

"Our progress in space exploration is not built on tax incentives, but on direct relations between government and business that bring forth the required participation by private enterprise," he said.

"Our capsules are not propelled into space by the Internal Revenue Code," added Surrey.

Another Treasury official, Melvin I. White, deputy assistant for tax policy, said if the nation continues down the tax-incentive road the Treasury will soon be making crucial decisions in all economic matters.

"I can assure you that the prospect of such an empire is not really an appealing one to the Treasury Department," he added.

A tax system, Surrey said, is presumably designed to raise money but at present is more like a spending system couched in tax language.

It's the Treasury Department and it does these and other jobs through tax relief and tax incentives. Officials don't particularly relish the task and would like to give it up to experts in these fields.

They relish less the long list of bills awaiting Congress' return next year which would provide a variety of tax credits ranging from underground transmission lines to antipollution devices and higher education.

And they have a strong ally in Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee, who contends a tax incentive is nothing more than back-door spending and a failure to face up to a direct-spending program.

Mills said approval of any of the tax credit measures now before his committee would only whet appetites for a legion of other possible credits.

His opposition, together with that of the Treasury Department, will probably mean the death of tax-credit bills standing on their own. They could be attached as riders to other legislation, however.

Emergency Food for Navajos

WINDOW ROCK, Ariz. (AP) — More emergency food supplies were rushed toward the Navajo reservation today after a new storm and whipping winds during the night left thousands of Indians fighting waist-high snow.

Nearly a foot of snow fell in some areas of the 16-million-acre reservation, the largest in the United States.

Air Force rescue helicopter crews stood by to ferry food to Navajos living in sparsely settled areas. A White House aide, Ralph Burns, was sent to Phoenix for a look at the situation, termed the most critical period of modern Navajo history by Tribal Chairman Raymond Nakai.

Thomas Sembrera, an Office of Emergency Planning official, was in Santa Fe, N.M., and Nakai hoped to get both men out to the reservation.

Tribal officials said the known death toll on the reservation from seven days of snow remained at three persons. But they say about 60,000 Navajos are affected to some degree by the storms.

The weather picture was similar over much of the snow-smothered Southwest. Nearly seven feet of snow was reported on the ground at Flagstaff in northeast Arizona. Eight deaths during the past two days were attributed to snow in California, where snow fell at Porterville in Tulare County for the first time in four years.

FLU (From Page 1)

tion in hardest-hit Nashville and Knoxville as a "good-size epidemic. But it's just what we've been expecting since July."

In Culpeper County, Va., schools closed for Christmas vacation Tuesday — two days early — after 11 per cent of the teachers and 657 of 4,000 students were absent with flu. Dr. R. S. Legarde, county health officer, labeled the outbreak an "epidemic of viral respiratory diseases."

Last week, the Oklahoma State Health Department described the Asian flu outbreak in the northeast city of Bartlesville as the worst in the nation.

Dr. LeRoy Carpenter, director of the Epidemiology Division, said the State Health Department was taking blood tests of suspected cases in other cities "just to make sure we know about an outbreak as quickly as possible."

In Bergen County, N.J., medical authorities said Tuesday there appeared to be a minor epidemic of Asian flu. Absenteeism in the northern New Jersey county's 16 schools ranged from 10 to 35 per cent.

Kirschke, 46, did not take the stand in his own defense. But defense attorney Albert C.S. Ramsey repeatedly contended that a reasonable doubt existed as to Kirschke's guilt.

Testimony during the trial centered on the last life the Kirschkes led in Long Beach. Witnesses said Mrs. Kirschke belonged to a group of women called the "jolly girls," who covered for each other's marital infidelities.

The prosecution contended that Kirschke, irate because of repeated infidelities of his wife, shot her and Drankhan in an embrace of the Kirschkes' bed. The murders took place early in the morning, the prosecution said.

The bodies were discovered too long after death for medical experts to pinpoint the time.

The bodies of Kirschke's wife, fashion designer Elaine Terry Kirschke, 43, and Orville Drankhan, 41, were found in the bedroom of the Kirschkes' Long Beach apartment April 8.

Mrs. Kirschke's body was found on a bed, clad only in a kimono top and shot in the head. Drankhan was sprawled fully clothed on the floor next to the bed, also shot in the head.

It was never clearly established when the shootings took place — the bodies were discovered too long after death for medical experts to pinpoint the time.

Obituaries

MRS. ROSA WALLOCH
Mrs. Rosa Pfaff Walloch, 84, died Monday. She had lived in Hope for many years. She and her husband, the late J. C. Walloch, operated a restaurant here. Survivors include two brothers, William Pfaff of Illinois, and Louis T. Pfaff of Indiana. Funeral will be at 9 a.m. Thursday at Our Lady of Good Hope Catholic Church here. Graveside services will be at 1:30 p.m. Thursday at Calvary Cemetery at Little Rock.

NEW YORK (AP) — Edward Dureya Dowling, 63, who staged the 1930 Olsen and Johnson hit "Hellzapoppin'" and numerous other Broadway shows, died Monday. Dowling was not related to actor-director-producer Eddie Dowling.

HOLLYWOOD (AP) — Bud Barsky, 76, who began his show business career at 15 and went on to become general manager of Columbia Pictures, died Monday night. Barsky, a native of Russia, built some of the first Hollywood sound stages.

ATLANTA (AP) — John D. Bent, 48, news directors of WAIL-TV since 1958 and a former Atlanta bureau manager of United Press Newspictures, died Tuesday night of cancer. Bent had worked previously for newspapers in Chicago and Milwaukee.

COMO, Italy (AP) — Carmen Melis, 82, soprano who rose to operatic fame singing with Enrico Caruso, died Tuesday. Her career lasted from 1905 to 1935 and during those years she was rated one of the outstanding opera stars in Italy.

COMMISSION (From Page 1)

prison system. He was asked if he would ask Rockefeller for appointment to any other position now or in the future.

"No," Davis said. Davis also answered negatively when asked if Rockefeller had offered him any other position.

Rockefeller did not elaborate on a statement that means other than his own finances could be used to pay Davis for his 4 1/2 months' work but said he was sure Davis would be paid.

Rockefeller also said he did not think it would be necessary to use special legislation making Davis eligible as a leverage point for other matters. He said he felt that the public would talk to the legislators about making Davis eligible.

Rockefeller charged last summer that Atty. Gen. Joe Purcell's opinion that Davis was ineligible was politically motivated. He said Tuesday that he had no reason to change his opinion.

HELEN HELP US!

by Helen Bottel

LOADED QUESTION

Dear Helen: If a teen-age boy loses his temper and hits his father with his fists, do you think the father should hit back or walk away?

Some of my friends disagree with me, but I think the father should say, "I love you son. I wouldn't hit you for anything in this world, and I don't think you meant to hit me either. When you are ready to apologize, I'll be waiting."

Dear Mrs. G: A loaded question deserves a shotgun answer: It depends on the boy, the father, the type of argument, and whether or not the temper fits happen often.

Passive resistance is more civilized, of course, but if a boy often takes a poke at authority, it might mean he is either a

bully, or his father has goaded him into it. And he'd figure the "I love you" route was just another cop-out.

There are times when a man can't walk away from a fight, and a wise father recognizes them. (But if he were wise, he wouldn't be in this fix, which brings me back to the beginning: that's a loaded question, Mrs. G.)—H.

Dear Helen: I am a compulsive eater. I start with a dish of ice cream and end up eating the whole carton. I bake two dozen cookies and eat them before they've cooled. I can never stop before I eat the whole box of candy. Sometimes I eat six sandwiches at one sitting, and several times a day.

It has come to a point where I love food more than my family, friends or anything. Can you help?—C. E.

Dear C: I can't help, but your doctor can. If he determines that your eating is more than a big bad habit, he'll refer you to a psychiatrist.—H.

only light note in a serious hour. Fred Skilton's Christmas show on CBS Tuesday night started, as usual, Red as Freddie and Freddie, and it was one of those sticky, sentimental stories with comedy relief that only Skilton could get away with. This year Freddie, instead of meeting up with Greer Garson as he has on previous Christmas-mas episodes, finds a sad little girl looking for a father.

Well, the poor thing had a sick mother with no money, but Freddie fixed everything up, including marrying in many off to the cap on the boat. Maybe next year Red will get back to Greer Garson.

Recommended tonight: "Miltz Gaynor Christmas Show," NBC, 9-10 EST, with Cyril Ritchard and Tony Fanner, "Diary of a Madman," CBS, 10-11, adaptation of Gogol's work, a one-character play with French actor Roger Coggio.

At the Dixie this weekend is "Dr. You Got to Be Kidding," with Sandra Dee and "Wild, Wild Planet," Christmas Eve Nite, we have a free gift for the ladies.

MERRY CHRISTMAS TO ALL AND A HAPPY NEW YEAR. WE'LL SEE YOU AT THE MOVIES.

"Why did I get involved with this slam?" thought South to himself. "Guess I shouldn't have bid that nine-high suit. Or maybe I shouldn't have jumped to three no-trump. No, I fear that North would have gotten me to six the moment I responded one diamond. On the other hand, had I responded one heart, North would have bid diamonds first. At least I am playing the hand and not watching helplessly as dum-

my." Then South looked the hand over to see just what was his chance of actually making the hand. If West held both minor suit queens and both suits broke, everything would be wine and roses. How about if one queen were wrong? South studied a while more and saw that he had to pick up the club queen in any event, so at trick two South led a low club and finessed dummy's jack.

Things started well. His next plays were a high trump and a low club back toward his hand. If clubs were 4-1, East just might ruff, but East followed to the second club and South was ready to go after that queen of trumps.

That is, he was almost ready, because he noted that he did not really need to pick up the queen. As long as trumps would break 3-2, he could simply cash the last high trump and let whichever opponent held the queen make it at his leisure. Then he cashed dummy's last high trump and proceeded to play the rest of the clubs. East didn't trump, but nothing could do him any good. All he could make was that one trick whenever he chose to make it. If South had tried the trump finesse, East would have taken his queen and led the suit back. South could discard one spade and one heart on clubs and ruff one spade and one heart, but he would be left with a loser at the finish. (Newspaper Enterprise Assn.)

Church Sunday School Rooms

CHARLOTTE, N.C. (AP) — Sunday school rooms at Charlotte's First Presbyterian Church have been converted into dormitories for 75 foreign students with no relatives to visit over the holidays.

The church is one of 13 in the South and East selling up International Houses. All reportedly have had to turn away students who heard about the program through their embassies.

While in Charlotte, the 75 international visitors will be guests of several churches and civic groups through New Year's Day.

They Fight at the Funeral

ALEXANDRIA, Va. (AP) — A fight broke out in a florist shop and police were called as two family factions argued over flowers for a relative's funeral.

LET'S TALK ABOUT MOVIES

By VELDA SEAMANS

Need a gift for someone — we have a gift book that will make everyone happy to receive one...

Wednesday is the night for the "Watch Give-away," and we have other prizes to be given to some lucky people. It's a big fun night so don't miss it.

Thursday nite will be a good time for everyone with Sonny and Cher in their first motion picture, "Good Times." It's a comedy with music in which they sing six of their hit hits. The second feature is an action-packed western with Jeffery Hunter in "The Christmas Kill."

The coin show will be in the lobby Thursday noon until 8 p.m. You're invited to come down and see the display, if you have coins for sell, bring them — if you want to buy, we'll sell them — Roy Olsson, one of the world's most sensationally popular and successful recording stars brings his outstanding talent to motion picture in the comedy-drama, "THE FASTEST GUN TALKS ALIVE." Showing Sunday and Monday at the Sanger.

The Holiday Season is here and we feel we have plenty of entertainment for all ages. During the Christmas Holidays, we watch your Hope-Star and listen to KXAR for the time and Date. The next motion picture will be Friday.

At the Dixie this weekend is "Dr. You Got to Be Kidding," with Sandra Dee and "Wild, Wild Planet," Christmas Eve Nite, we have a free gift for the ladies.

MERRY CHRISTMAS TO ALL AND A HAPPY NEW YEAR. WE'LL SEE YOU AT THE MOVIES.

Soph Leads Porks Over Centenary

LITTLE ROCK (AP)—Arkansas' sophomore redshirt, James Eldridge of Green Forest, scored 19 of his 20 points in the second half as the Razorbacks came from behind to defeat Centenary 90-82 here Tuesday night.

It was the Razorbacks' third straight victory and pushed their record to 3-2.

Centenary led 39-38 at the half.

Arkansas, trailing 44-40, reeled off nine straight points to take the lead for good. The Gents remained close until Arkansas scored eight straight points late in the game to take an 81-69 lead.

Robert McKenzie scored 13 for Arkansas while Gary Stephens had 15, Ricky Tanneberger 12 and Benton Cone 10. Larry Ward led Centenary with 28 points.

Pipers Moving Up Fast on the Muskies

By THE ASSOCIATED PRESS
The Pittsburgh Pipers, moving up fast on the front-running Minnesota Muskies in the American Basketball Association's Eastern Division, made their ninth straight victory one of their best.

The Pipers scored a league record 146 points in downing New Jersey 146-124 Tuesday night to move one-half game behind the Muskies.

In other ABA games Tuesday, New Orleans edged Dallas 96-93 and Oakland squeezed past Indiana 129-128.

In the National Basketball Association, Baltimore beat St. Louis 117-98, New York topped Cincinnati 133-118 and Boston overhauled Seattle 118-114.

The Pipers threw in 80 points in the first half in eclipsing the Americans. Connie Hawkins led the way with 29 points, while Charlie Williams had 28 and Art Heyman had 25. Tony Jackson had 25 for New Jersey.

New Orleans maintained its seven-game lead in the Western Division with Doug Moe scoring 24 points, Cliff Hagan and John Beasley each had 20 for Dallas.

A 73-point uprising in the second half by Indiana just fell short and Oakland held on to hand the Pacers their seventh straight setback. The Oaks built a 24-point lead that Indiana overcame only to lose in the last four seconds of the game at Richmond, Calif.

Freddie Lewis of the Pacers headed the scorers with 43 points while Lavern Tart, the league's leading scorer, was high for Oakland, with 38.

SOLUNAR TABLES

By RICHARD ALDEN KNIGHT

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during the best times, if you wish to find the best sport that each day has to offer.

The Major Periods are shown in boldface type. These begin at the times shown and last for an hour and a half or two hours thereafter. The Minor Periods, shown in regular type, are of somewhat shorter duration.

Use Central Standard Time.

Date	Day	A.M.	MAJOR	MINOR	P.M.	MAJOR
Dec.

No Laughs Now at the Wildcats

By TED MEIER

Associated Press Sports Writer
Some folks laughed when Davidson, beaten in 12 of 27 games last season, made the Top Ten in The Associated Press preseason poll in college basketball.

They're not laughing any more at the Southern Conference Wildcats, who have won seven of eight games and lost only to third-ranked Vanderbilt by two points 81-79 in overtime.

The Wildcats, sixth-ranked in this week's AP poll, made previously unbeaten Temple their latest victims in the final of the Charlotte, N.C., Invitational Tournament Tuesday night.

Paced by the 6-foot-6 Mike Maloy, a sophomore from New York City who was voted the Most Valuable Player of the tourney, the Wildcats downed the Owls from Philadelphia 63-60.

Maloy made only 11 points, but his floor generalship was superb and drew praise from Coach Lefty Driesell. "He's so quick, he's unreal," Driesell said. "He has every move in the book under the hoop."

Fifth-ranked Indiana, Duke, St. Bonaventure, Louisville, Cincinnati, Wyoming and Louisiana State won in other major games.

Indiana, led by Earl Schneider's 23 points, beat Notre Dame 96-91 at Fort Wayne, despite Bob Whitmore's 30 points for the Irish.

On-rushing Duke, another team beaten only by Vanderbilt and that by one point, whipped Princeton 85-79 at Durham, N.C., behind Mike Lewis' 33 points and 20 rebounds.

Bob Lanier and Bill Butler combined for 50 points, each got 25, to lead St. Bonaventure to an 83-77 victory over Seattle in the final of the Tampa, Fla., Invitational.

Louisville beat St. Louis on the road 76-64 as Westley Unself, who finished with 20, broke loose for 18 points in the second half.

Rick Robertson's 25 points paced Cincinnati to a 69-58 home court victory over Southern California. Harry Hall also got 25 to lead Wyoming over Oklahoma on the road, 82-71.

Pistol Pete Maravich flipped in 46 points on his home court to spark Louisiana State over Mississippi 81-68. LSU now has won four games, one more than all of last season.

Auburn beat Rutgers 70-62 in the consolation game of the Tampa Invitational. Miami of Ohio took third place in the Charlotte Invitational by defeating Rice 70-66 in overtime.

Dennis Cantrell's flail goal in the last 31 seconds gave Miami, Fla., a 72-71 home squeaker over Brown. In other home court victories, Ohio State downed New Mexico State, 78-75, Utah State beat San Jose, 110-93, Montana took Fresno State, 88-72 and Kansas State humbled North Dakota State 79-52.

On the road, Ohio University edged Portland 67-65 and Wagner overcame Seton Hall 99-91. On neutral courts, Duquesne whipped Kent State 78-63 at Canton, Ohio, and Arkansas defeated Centenary at Little Rock, Ark., 90-82.

Hope Lady Cats With Their Trophy

Hope Girls Easily Beat Prescott

By RALPH ROUNTON
Star Sports Writer

Pushed on towards easy victory by habit, the Hope Lady Cats romped with no problems 53-29 at Prescott last night.

That one set Hope's record at 10-4 for the holiday break, very satisfactorily done for early in the season. For the seven day period ending last night, the Lady Cats won 5 and lost 1, settling the Ladies back in business.

It was a quick start for the Lady Cat forwards who, with 41 per cent on the field, still made six of the first seven shots attempted while burning to a 15-2 quarter margin. This actually continued for the rest of the game as Lady Cat Coach Charlotte Gibson began benching her starters in the opening minutes of the second quarter itself.

Carol Anthony led Hope with 15, and Gail Hartsfield popped 13. Jo McKamie stacked up nine points, while Sandra May had eight to round up the Lady Cats' leading scorers. Nancy Taylor's 18 points held Prescott out.

Like the rest, the Lady Cats now take off until 1968, when more action will also be presented over KXAR.

Arkadelphia Is Bombed by McNeese

LAKE CHARLES, La. (AP)—McNeese State won its third straight game Tuesday night, downing Arkadelphia Baptist 84-74. The Cowboys led throughout the contest.

McNeese bombed in eight points before Arkadelphia could score.

Five Cowboy players scored in double figures with Dean Glenn pacing the attack with 17 points and freshman Willie Lee getting 16.

McNeese hit on 54 per cent of its field goals and outscored the Tigers 79-31.

High scorer for the visitors was Robert Cornelius with 17 points.

McNeese is now 1-2 while Arkadelphia is 0-5.

Taylor Still Top Receiver in the NFL

NEW YORK (AP)—Washington's Charley Taylor, the National Football League's top pass receiver in 1966, the only individual champion to defend his crown successfully, NFL statistics showed today.

Taylor caught 37 passes, two less than last year, beating out teammate Jerry Smith who had 67. Bobby Mitchell was fourth with 60, giving the Redskins the best showing ever by a trio of receivers on the same team.

The man who threw to that trio, Sammy Winder, wound up as the top passer in the league and also set three records—508 attempts, 288 completions and 3,747 yards.

Cleveland's Leroy Kelly won the rushing title, gaining 1,205 yards, and Jim Bakken of St. Louis won the scoring race with 117 points.

Bookie Len Barney of Detroit and Dave Whitsett of New Orleans tied for the pass interception lead with 19 each, but Barney posted more return yards—232 to 178.

Atlanta's Billy Dolezal was the top punter with a 43.7 average, Ben Davis of Cleveland led all punt returners with a 12.7 average and Travis Williams of Green Bay was the best kickoff returner with an average of 41.1 yards.

Four Players Share Honors for Play

NEW YORK (AP)—If the Fearsome Foursome of the Los Angeles Rams weren't the Defensive Players of the Week on the National Football League's final weekend of regular play, somebody must have been slugging John Unitas with a club Sunday.

Deacon Jones, Merlin Olsen, Roger Brown and Lamar Lundy put so much heat on Unitas that the Most Valuable Player in the NFL was thrown seven times in a 34-10 Rams victory.

For this reason all four players—not just one—share the week's defensive honor.

Late in the game when the Colts had to gamble with a desperate attempt to pass, Unitas was smeared three times and had to give up the ball on the Baltimore four. A second quarter rush, led by Jones, forced Unitas to throw a wobbler that was picked off by safety Eddie Meador.

Len Barney, the Defensive Rookie of the Year, put on quite a show for the home folks at Detroit with three interceptions in the second quarter of a 14-3 Detroit victory over Minnesota.

For Hope, it was Bill Lee with 8 and Lynn Norton and Charles Ratliff both six, followed by Parker Powell's 4 and Tim White's two points. Steve Wren had 29 and Charlie Collins 5 to lead Prescott.

Now each Hope team takes off for the Christmas holidays, returning in January for much more basketball.

Cats Roll to Another Victory

By RALPH ROUNTON
Star Sports Writer

Reaping the benefits of a much-practiced fast break, the Hope Bobcats rolled to their second win in two nights, easing past the Prescott Curley Wolves 74-53 last night at Prescott.

Coupled with the Cats' 72-57 toppling of Ashdown the evening before, it was easy to see the Bobcats' fast break will cause some people problems before the season is up. Also, Coach Joe Austin has a very unselfish squad, one that thinks and acts as a team rather than as individuals.

Both teams played even basketball for more than a quarter, with the Bobcats' intricate offensive patterns and good rebounding equalling Prescott's outside scoring threats. The Curley Wolves called time with 3:00 left in the half and the score 23-23, and during the break devised a new zone defense. Hope had no problems with this, breaking into a small spree before Prescott cut it to 29-28 at the half.

In the third quarter the Big Cats opened up from outside a bit more, and with the advantageous fast break complementing the situation, the HHSers had no problem in racking up in the scoring department. This kept on with Hope reserves intermixed to the National Football League's final weekend of regular play, somebody must have been slugging John Unitas with a club Sunday.

Deacon Jones, Merlin Olsen, Roger Brown and Lamar Lundy put so much heat on Unitas that the Most Valuable Player in the NFL was thrown seven times in a 34-10 Rams victory.

For this reason all four players—not just one—share the week's defensive honor.

Santa Visits a Tavern

EAST WENATCHEE, Wash. (AP) — It was Sunday and the barmaid in Hugo's Tavern was dressed in a new Santa Claus suit. An old poker table was laden with gifts, cake, liquid refreshments and a large buffet turkey dinner.

Then, as guests crowded into the tavern, Justice of the Peace Cora E. Lake stepped up and married 70-year-old James Dreskin and Bertha Jackson, who confided she was 55.

How come in a tavern on a Sunday? "Well," said Mrs. Alice Te stall, one of the proprietors, "they were both widowed, both kind of lonely, and they said that's where all their friends were, so that's where they wanted it. It was real nice."

What Should the Off Duty Officer Do?

By BARRY SCHWEID

Associated Press Writer

WASHINGTON (AP) — So uncanny is woman's intuition only a fool would stand in her way.

But what about a cop's? How often does he guess right and how much elbow room should he have to work out his hunches?

An off-duty policeman, investigating a noise outside his apartment, finds a man tiptoeing down the hallway. The fellow claims to be calling on a lady friend. She's married and he'd rather not give her name.

Unimpressed by the pass at chivalry, the policeman finds two wrenches and six picks in the man's pocket—the tools of a burglar.

A detective, 39 years on the force, watches two men on a street corner. Within 10 or 12 minutes they make five or six trips over to the window of a jewelry store.

He senses they are "casing" it, searches both and finds loaded revolvers in their overcoats.

In neither instance did the officer know at the start that a crime had been committed. Nor, at that time, did they have enough evidence to support an arrest.

In fact, the arrests eventually made had nothing to do with the jewelry store or the actual commission of a burglary. Instead they were for illegal possession of weapons and illegal possession of burglars' tools.

The officers got the necessary evidence by acting on their suspicions, their intuition or a "sixth sense."

As Supreme Court Justice Hugo L. Black suggested this week, an officer who finds a man lurking in a dark alley near a basement door in the middle of a rainy night might reasonably suspect "he is not there on a holy mission."

But what does the Constitution permit the policeman to do? Does arousal of his suspicions justify forcibly stopping people on the street and searching them?

The Supreme Court, looking again into the way policemen operate, spent much of two days on the subject earlier this week.

Everyone—the justices, prose cutors and civil liberties lawyers—agreed a policeman has a right to question someone who appears suspicious.

But there was almost no agreement on what the officer should be allowed to do if he doesn't get an answer or doesn't believe what he's told.

Unless he can establish "probable cause"—the Fourth Amendment's somewhat nebulous term—to make an arrest, he can do nothing, one civil liberties lawyer contended.

The fact is most of the people police stop, question and search turn out to be innocent.

For instance, according to New York City Police Department figures, of 1,617 people stopped and frisked by police in a little less than three years, 168 were charged with a crime—only about 1 of 10.

If stop-and-frisk is such a powerful deterrent to crime, Justice Thurgood Marshall observed tongue-in-cheek: "One way would be to stop everyone and see if they are armed."

The Justice Department has told the court temporary invasion of privacy is part of the price one should pay as a good citizen.

The NAACP Legal Defense and Education Fund, on the other hand, has advised that stop-and-frisk widens the gap between the poor and the police and is a potential source of conflict.

What the court will do is, at this point, anyone's guess.

Good Reason Not to Appear

St. Joseph woman charged with running a school stop sign had

Highlights of Johnson Interview

WASHINGTON (AP) — Here are highlights of quotations from President Johnson's answers during his nationally televised interview Tuesday night:

Vietnam Peace
The Demilitarized Zone must be respected as the 1954 agreement requires. The unity of Vietnam as a whole must be a matter for peaceful adjustments and negotiation.

The North Vietnamese forces must get out of Laos and stop infiltrating Laos. That is what the 1962 agreement required, and it must be respected.

The 20 per cent or so of the population now under Viet Cong control must live under a one-man-one vote constitutional system if there is to be peace.

The political future of South Vietnam ... must be worked out in South Vietnam by the people of South Vietnam.

We will reciprocate and meet any move that they make, but we are not going to be soft-headed and pudding-headed as to say that we will stop our half of the war and hope and pray that they stop theirs.

Urban Unrest
We have this unrest. We have this uncertainty. We have this desire of people who have been held down all these years to rise up and try to acquire, quickly, what has been denied them so unjustly so long.

We have more violence than we want, and more than we are going to be able to tolerate.

I think our big problem is to get at the causes of these riots. I think that some of the causes are the hopes of the people themselves. They don't have jobs. They want jobs. So we are going to have to provide jobs.

I am going to call in the business of America and say one of two things have to happen: You have to help me go out here and find jobs for these people, or we are going to have to find jobs in the government for them and offer every one of them a job. I think that is one thing that could be done, I think that will have to be done, as expensive as it is.

Today's Youth
I think it is a very small percentage that have given up, who have lost faith, who have deep questions about the future of the country and of themselves.

We have more than 3 million young people serving in uniform. I hear from about 100 of them every day. They don't get the attention that you television people give these exhibitionists. They don't have anyone to make signs for them and parade getting their picture in the papers. They are just there from daylight to dark, fighting for freedom and liberty, and willing to die for it. They are a pretty large number, comparatively speaking.

I doubt there is anything like that many hippies, or I doubt that there are that many disillusioned people.

Domestic Dissent
I am amazed that some of these so-called liberal folks who reserve for themselves the right to speak long, loud and freely, but when the opposition views are expressed, they try to drown it out with cat-calls, eggs or tomatoes.

Economy-Taxes
We think the business activity is going to pick up. We think there is going to be increased production. We think it is very essential that we have a tax bill.

1968 Election
I am going to do what I think is best for my country, at home and abroad, without regard to what effect it has on my future.

If they (Republicans) will do the same thing, we will have a good government, a good country, and then we can let the election take care of itself. And I think we will have a good election.

Turkey Gobbles Self to Death
RALEIGH, N.C. (AP) — North Carolina's entry in the heaviest turkey contest has gobbled himself to death.

In a letter to Gov. Dan Moore, State Agriculture Commissioner James A. Graham said: "It becomes my regrettable duty to inform you that our entry for the national heaviest turkey contest is deceased ... The winner of the weigh-in ceremony held at the North Carolina State Fair died from obesity."

Neither do the guidelines let

gally or administratively bind the State Department's Foreign Affairs Research Council, set up to oversee granting of research contracts following a 1965 up-ramp over a secret Chile project.

The 1965 incident resulted from disclosure that the Army had put researchers in Chile to study potentially disruptive social and political factors. Some critics contended it appeared the Department of the Army was attempting to mount a counter-insurgency effort in the Latin American nation.

Said the new department recommendations:

"Covert support to institutions of higher education is contrary to national policy, on the broad and vital principle that it runs contrary to the spirit of our institutions, and on the pragmatic basis that it may reduce the reliability and credibility of the research project's conclusions and eventually result in damage to the reputation of our scholarly community."

In short, a U.S. government financial grant for studies undertaken at a foreign college or university would be made public by the government as well as the university.

But State Department officials acknowledged that while many federal agencies dealing with the government as well as the university.

New Guidelines by Agencies Bars Secrecy

WASHINGTON (AP) — State

Department officials maintain federal agencies will follow new guidelines barring secret government backing of university research abroad even though no enforcement machinery has been provided.

The department's 14-point guidelines, published Tuesday, specify: "The fact of government research support should always be acknowledged by sponsor, university, and researcher."

In short, a U.S. government financial grant for studies undertaken at a foreign college or university would be made public by the government as well as the university.

But State Department officials acknowledged that while many federal agencies dealing with the government as well as the university.

Neither do the guidelines let

gally or administratively bind the State Department's Foreign Affairs Research Council, set up to oversee granting of research contracts following a 1965 up-ramp over a secret Chile project.

Said the new department recommendations:

Fire Damages at Plant at Fort Smith

FORT SMITH, Ark. (AP) —

Fire destroyed one section of the Ward Manufacturing Co. plant here Tuesday, causing an estimated \$1 million damage.

President James A. Ward III of Fort Smith, who made the estimate, said the 200-employees section that was destroyed left the plant about 1:15 p.m. and the fire broke out about 20 minutes later. Cause of the fire was not determined.

Authorities said one of five maintenance men, L. E. Baker, 61, of Fort Smith, was hospitalized in good condition suffering smoke inhalation. A fireman, Gary Mixey, 32, of Fort Smith, was treated for smoke inhalation and released.

A second section of the plant about 50 yards north of the section that was destroyed was not damaged. Authorities speculated that a north wind saved the second section, where 900 persons work.

Ward said the destroyed section manufactures balls and was completely insured.

Institute's Boats
The Smithsonian Institute has a room full of boats and ship models. The exhibit contains a representation of everything that has ever borne man upon the water.

This was the scene yesterday as high school students gave over 12,000 cans of food to the Lions Club to be placed in baskets for needy persons in this area.

The event is sponsored annually by the Student Council. It is estimated students contributed over \$2,000 to the Lions project. Besides each class gave a \$100 bill to the Lions Club.

The pictures show all students taking part in the program yesterday and the cans of food being placed on a truck.

Aardvark to Get a Name

MIAMI, Fla. (AP) — Crandon Park's baby aardvark will have a name by Christmas.

The list of entries — 1,346 names—has been narrowed to 35. A secret showdown session, says the zoo, will be held this week to end the suspense.

The park's donkey-eared, long-nosed aardvark was born Sept. 24, the first aardvark ever born in an American zoo, the first in the world to survive birth in captivity.

The name contest was begun in October. Entries came in from three dozen states and as far away as Iceland.

By Frank O'Neal

AERIAL WATCHDOG crouched in its kennel is this BOMARC missile, pilotless interceptor with plenty of bite in its nuclear warhead. Part of the North American air defense system, it takes something under a minute for the missile to leave its shelter and start looking for a target after an alert is sounded.

DOCTOR'S MAILBAG

Syphilis Can Imitate Almost Any Illness

By WAYNE G. BRANDSTADT, M.D.

Q—The report from my STS was "doubtful." Will more treatments result in a negative report? When the blood is doubtful, can I transmit syphilis to others? If the disease is cured, can the STS become positive again in later years?

A—When an STS (serologic test for syphilis), made for an initial diagnosis, is inconclusive it should be repeated and other tests should be made. If the STS is made on a person who has been adequately treated, the blood is usually negative but in some persons it is doubtful or persistently positive. This being the case, the test is not a clear indication of the effectiveness of the treatment. If your disease is cured and the STS is negative, it will become positive again only if you contract a fresh case of syphilis.

Q—I have heard that syphilis is a great masquerader—that it can imitate almost any illness. What are some of the diseases it could imitate?

A—The first stage (chancre) may be mistaken for a wart, especially if it occurs on the lip or finger. The second stage rash may be mistaken for measles. The third stage, occurring in many cases after the victim has forgotten that he ever had syphilis, is the real fooler. Since it can involve any part of the body, the possibilities are too numerous to mention.

Q—What is a culdoscopy? For what would it be done?

A—A culdoscope is similar to a cystoscope which is used to view the interior of the bladder, but the former is used to view the pelvic organs. It is introduced into the pelvic cavity through a small incision in the back of the vagina and is used chiefly to diagnose ectopic pregnancies and to determine whether there is an obstruction in the uterine tubes. Although a culdoscopy may be performed in a doctor's office, it is usually done in a hospital.

LEGAL NOTICE

In The Juvenile Court Office, Hempstead County, Arkansas.
 In The Matter of James Patrick Fitzgerald Turner, a Minor.

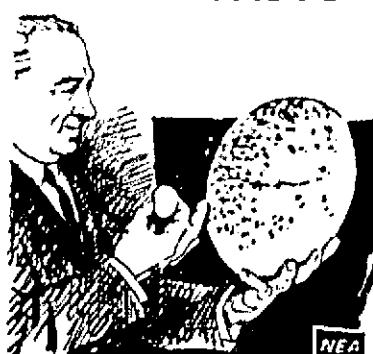

WARNER, ORDELE
 To One Debra: Take notice that on the 15th day of December, 1967, a petition was filed by Kate Debra in the Juvenile Court of Hempstead County, Arkansas, to have a certain child named James Patrick Fitzgerald Turner declared a dependent child and to take from you the custody and guardianship of said child and to appoint for it some suitable person as its guardian.

Now, unless you appear within twenty (20) days after the date of this notice and show cause against such application, the petition shall be taken as confessed and a decree granted.

WITNESSE MY HAND and seal as Clerk of this Court on the 18th day of December, 1967.
 Pat McCann,
 Clerk

Dec. 20, 27, Jan. 3, 10, 1968

WORLD ALMANAC FACTS

The elephant bird, or *Aepyornis maximus*, extinct for centuries, stood nine to 10 feet tall and weighed half a ton, says The World Almanac. Not surprisingly, the bird couldn't fly. When fresh, an *aepyornis* egg weighed about 20 pounds, equal to 250 hen eggs. This bird is known to have lived in Madagascar (Malagasy Republic) from about a million years ago and survived there until about A.D. 900.

Bradley Leads His Team in Victory

By ED SCHUYLER JR.
Associated Press Sports Writer
NEW YORK (AP) — Oscar Robertson and Bill Bradley have met for the first time as professionals, and neither has gone out on a limb in discussing the other's ability.

The confrontation came Tuesday night, and Bradley's New York Knicks beat Robertson's Cincinnati Royals 133-118 in a National Basketball Association game at Madison Square Garden.

"What can you say," the veteran Robertson commented when asked about Bradley. "Time will tell. A year from now you can ask me."

Asked what he thought of Robertson, Bradley smiled, turned to teammate Dick Barnett and asked, "What do you think of Oscar Robertson?"

Then the \$500,000 rookie added: "He's the greatest basketball player in the world."

Another rookie — Earl Monroe — and veteran — Ray Scott — put on quite a show in Baltimore, but in this instance they were on the same team. The two combined for 59 points and led the Bullets past St. Louis 117-98. In the only other NBA game, the Boston Celtics topped the Seattle SuperSonics 118-114.

Bradley, playing in his fifth NBA game, hit only three of 11 field goal attempts, but he did team with another rookie, Walt Frazier, to lead a fourth-quarter burst that clinched the victory for the Knicks.

Leading only 95-92 after three periods, New York opened up a 115-100 margin as Bradley and Frazier stole the ball, forced several Royal turnovers and set up baskets with slick passes. Bradley finished with eight points four assists and two rebounds.

Robertson, now in his seventh NBA season, scored 27 points—two less than New York's Willis Reed — handed out eight assists and grabbed seven rebounds. The Big O's points gave him a career total of 16,971, moving him into the fifth spot ahead of former Boston Celtic Bob Cousy in the all-time NBA scoring race.

Monroe scored 12 of his 32 points in the third quarter as Baltimore outscored St. Louis 31-17 and moved in front 82-64. Scott got eight of his 27 points in the period. Zelmo Beaty led the Hawks with 24.

Boston, trailing 92-84 in the third period, spurred past Seattle in its game on the West Coast. John Havlicke, Sam Jones and Bill Russell led the comeback that gave the Celtics the lead for good, 106-105.

Walt Hazzard of the Sonics scored a career high of 37 points, 29 in the second half. Larry Siegfried topped Boston with 20.

In American Basketball League action Tuesday, Pittsburgh blasted New Jersey 146-124, New Orleans edged Dallas 96-93 and Oakland outlasted Indiana 129-118.

Battered QBs Ready for the Big Game

DALLAS, Tex. (AP) — Football's most battered up quarterbacks are ready to match wits in the big game of the year for Dallas and Cleveland.

It's the playoff for the Eastern Conference championship and the Cowboys and Browns get together Sunday in the Cotton Bowl.

And the hopes of both Dallas and Cleveland will ride on the passing arms of the two fugitives from a hospital—Frank Ryan of the Browns and Don Meredith of the Cowboys.

Both have been battered and bruised throughout the season, Meredith even got pneumonia and missed three games.

Dallas and Cleveland both present strong running games and it seems the passing should make the difference.

Happily it is reported that the quarterbacks both have their throwing arms in shape and both are willing to risk those pass rushes although they aren't very amiable considering their ailments.

Ryan has a bruised left forearm. It can't hamper his throwing but if it was hurt again it might get him out of the game where he couldn't throw at all.

Meredith has a broken nose and a twisted knee but he was laying 'em in there in practice Tuesday, indicating a return to form at just the right time.

"And now all we have to do is keep those guys (pass rushers) off of him," said tackle Ralph

Neely. Meredith has missed 4 1/4 games this season and his passing has suffered mostly from lack of practice and game action.

Ryan has been playing, too, although he probably ought to be in a wheel chair at times. He sprained his ankle in practice before the season started, he sprained the other one in the opening game of the season—against Dallas, which the Cowboys won 21-14. He played with two sprained ankles and a bruised finger on his passing hand and Cleveland lost to Detroit.

He got a banged up right shoulder in the second period of the game with New Orleans but only missed one series of downs, leading the Browns to victory.

Three games later he got a collar bone injury against Chicago, left the game and got patched up, then returned to score the first touchdown as Cleveland won 24-0.

Chisox and Reds Get New Players

By BEN OLAN
Associated Press Sports Writer
The Cincinnati Reds and Chicago White Sox finished fourth in their respective baseball pennant races last season. But they're well in the lead in the number of new players acquired through trades and purchases since the close of the 1967 campaign.

Cincinnati has picked up eight players. The White Sox, with General Manager Ed Short calling the shots, aren't short of new faces, either. They have seven, top figures in the American League.

The Reds obtained outfielder Mack Jones and pitcher Jay Ritchie from Atlanta, infielder Bob Johnson from the New York Mets, first baseman Fred Whitfield and pitcher George Culver from Cleveland, pitcher Ron Tompkins from the new Oakland A's and pitchers Bill Keelo and Jorge Rubio from California.

The White Sox made two six-player transactions. They obtained from Baltimore shortstop Luis Aparicio, outfielder Russ Snyder and first baseman-outfielder John Matias for pitchers Bruce Howard and Roger Nelson and infielder Don Buford. Then, in an interleague deal, they got outfielder Tommy Davis, pitchers Jack Fisher and Bill Wynne and catcher Buddy Booker from the New York Mets for outfielder Tommie Agee and infielder Al Weis.

Baltimore got two other new players for a total of five. They were pitcher John O'Donoghue and shortstop Gordon Lund from Cleveland.

The Mets, Cleveland and Philadelphia also got five players. New York's NL club got pitcher Al Jackson from St. Louis, first baseman-outfielder Art Shamsky from Cincinnati and catcher J. C. Martin from the White Sox in addition to Agee and Weis.

The Indians acquired outfielder Tommy Harper from Cincinnati, pitchers Edlie Fisher and Bob Scott and outfielder John Scruggs from Baltimore and outfielder Jose Cardenal from California.

The Phillies' new players are catcher Mike Ryan from Boston plus pitchers Woody Fryman, Harold Clein and Bill Laxton and infielder Don Money from Pittsburgh. The latter four came from Pittsburgh for pitcher Jim Bunning in the most recent trade last Saturday.

Four players each were ac-

THOUGHT FOR THE DAY
Give what you have. To some one it may be better than you dare to think. — Longfellow said it.

CALENDAR OF EVENTS
A Christmas program will be held at the Pentecostal Church of God in Christ Friday night December 22nd, at 7:30.

On Christmas morning at 6:30 the Christmas service will be held. Elder O. N. Daniels, Pastor of the church will preach.

The public is invited to attend both services.

XMAS PARTY

The Gospel Chorus of Rising Star Baptist Church held its Xmas party in the annex of the church Monday night. Gifts were exchanged and refreshments served.

The devotion consisted of "Bless This House", a solo rendered by Miss Delores Brown, and prayer by Mrs. Charline Edwards. Rev. R. F. Vanhook, Pastor.

Oakland Dominates Star Team

By HAL BOCK
Associated Press Sports Writer
NEW YORK (AP) — Six members of Oakland's Western Division champions dominate the American Football League

quired by Los Angeles and Houston. The Dodgers added shortstop Zolfo Versalles and pitcher Jim "Mudcat" Grant from Minnesota and infielder Paul Popovich and outfielder Jim Williams from the Chicago Cubs.

The Astros got pitcher Denny Lemaster and shortstop Denis Menke from Atlanta, pitcher Fred Gladding from Detroit and shortstop Hector Torres from California.

Each of the 20 big league clubs, except St. Louis and San Francisco, acquired at least one new player.

The Cards, though, got a new general manager, Bing Devine, who replaced Stan Musial.

HOPE (ARK) STAR, Printed by OHSET

All Star team selected for The Associated Press by a panel of 27 sports writers and broadcasters from across the country and released today.

The Raiders' balance was demonstrated in the voting by three-man committees from each of the AFL's nine cities with three Oakland players named to the offensive team and three to the defensive squad.

Heading the Oakland contingent is quarterback Daryle Lamoni, who has piloted the Raiders to their first divisional crown and leads the league in passing. He has thrown 29 touchdown passes, tops in the league.

Joining Lamoni on the offensive squad from Oakland are tight end Billy Cannon, who switched from running back two years ago and developed into a top pass catcher this season, and Jim Otto, a heavy choice at center.

In the backfield with Lamoni are Boston's muscular Jim Nance, who rushed for more than 1,000 yards for the second straight season, and Kansas City's evasive Mike Garrett at

the running backs. Fleet Lance Alworth of San Diego was a nearly unanimous choice at flanker and George Sauer of New York, the AFL's top pass catcher, won the split end job. Nance and Alworth are repeaters from last year.

Up front on the offensive unit, Kansas City's Jim Tyrer and San Diego's Ron Mix, both repeaters, are the tackles, with San Diego's Walt Sweeney and Houston's Bob Talamini nailing down the guard spots.

Defensively, Oakland, Houston and Kansas City dominated the voting with three berths each.

Selected from the Raiders were mammoth Ben Davidson, a 6-foot-7 defensive end, tackle Tom Keating and corner back Kent McCloughan.

Houston placed corner line-backer George Webster, the only rookie to make the team, defensive end Pat Holmes, and corner back Miller Farr, who returned three of his eight interceptions for touchdowns.

Picked from Kansas City were tackle Buck Buchanan, a massive 6-7, 287 pounds, line-backer Bobby Bell and safety

Johnny Robinson. Nick Buoniconti, Boston's middle linebacker, and Buffalo safety George Saines are the other defensive picks. Buchanan, Buoniconti, Bell, Robinson and McCloughan all are repeaters from last year's defensive team.

Grid Clinic Planned at Fort Smith

FORT SMITH, Ark. (AP) — Fort Smith Northside Athletic Director Bill Stancil said Monday that the first annual Fort Smith Northside High School football clinic will be held Jan. 19-20.

Stancil said he would be on the clinic staff along with Ken Stephens of North Little Rock High School, C. W. Kepple of Little Rock Hall High School and Northside assistant Charles "Chuck" Presley.

Stancil said former professional star Floyd Sagely would also appear on the program.

Proposes a Game and Fish Audit

RUSSELLVILLE, Ark. (AP) — Naal Sox Johnson, one of Gov. Winthrop Rockefeller's appointees to the state Game and Fish Commission, proposed Tuesday that a management audit of the commission dating back five years be conducted but his motion was bypassed in favor of an audit by the state comptroller's office.

Johnson said the comptroller's audit would not cover management and would only cover the current year.

"They (the commissioners) certainly didn't give me what I was asking for," Johnson said following the commissioners meeting.

Game and Fish Commission Director Hugh Hacker told the commissioners that the comptroller's audit was already underway.

Johnson said an audit is needed to establish "fair and impartial" procedures for person-

Wednesday, December 20, 1967

nel retirement and to establish regular policies. He said he did not think the department could function adequately on the basis of the routine fiscal audits and told the commission it has the responsibility to inform the public.

Johnson offered four methods by which the audit could be completed:

— To accept the offer of the Wildlife Management Institute to make the study it has proposed.

— For the commission to employ an outside firm to make a thorough management audit.

— To call on the governor to use his authority under Amendment 35 to direct the comptroller to make such a management audit.

— To both accept the Wildlife Management Institute's offer of a management study and ask the governor to direct the comptroller to make special financial audits under Amendment 35.

Johnson said he favored the fourth approach.

Johnson said he favored the fourth approach.

Hope, Ark.

• SURE-TO-PLEASE • SPORT SHIRTS

Reduced To
\$4.44

WEST'S HAS REDUCED A LARGE NUMBER OF FAMOUS NATIONALLY ADVERTISED PERMANENT PRESS SPORT SHIRTS.

Men's full cut regular collar sport shirts or the tapered traditional ivy styling with banded button down collar and long dress shirt tail. Bright plaids and solids, all in perma press blends that will give you a neatness that cannot wash out. Sizes S-M-L-XL.

Girls CAR COATS

REDUCED
20%

CHOOSE FROM CORDUROY
AND POPLINS IN SOLIDS, PRINTS

Computer Knows
Only What Men
Have Told It

When you've spent a lifetime in newspaper work attempting to separate the phony from what's real there are few things you hold in awe but an increasing number of people you consider to be confused.

Among the things I hold in light regard—not being a pill-taker—are the so-called miracle drugs. Once in a blue moon, of course, we come up with a vital discovery such as penicillin, but for the most part new drug "cure-alls" only disclose to the man the disarming discovery that diseases multiply about as fast as the "cures."

And I am even less confused by another item with an awesome reputation—the computer. To hear the uninformed talk you would imagine a computer to be a thinking creature smarter than man. But men made it, and all that the computer "knows" is what men told it.

Some of the more honest builders now call it a "programmer" rather than a computer—and that's close to the mark. Information is fed into the machine on recording tapes; so is a long list of conclusions when the information is to be compared—therefore you have a vast memory reservoir and when you "ask" the machine a question you get an "answer." It's like a filing cabinet, but instantaneous—instead of laboriously searching for a letter you simply kick the cabinet and a loud speaker reads off the wanted letter.

Currently American radio stations are playing around with computerized tapes showing how the boxing celebrities of four time would stack up had they fought the boxing heroes of Yesterday. The verdict, I believe, is that Rocky Marciano would have knocked out Jack Dempsey in the 13th round.

You can buy that if you want to—an amazing Winter's tale told around the hot-stove league. You speculate on an exciting but imaginary fight. I am more devoted. I am one who saw Dempsey fight for real (Carpenter at Boyle's 30 Acres in 1921). What I'm speculating on isn't today's imaginary fight but who were the men who fed into the machine the tape with the pre-conceived judgment that put Dempsey on the floor in the 13th?

I can't prove this particular discount, of course—but there was a case only yesterday when the redoubtable computer came up with a flat tire. A young London couple were picked by the computer as ideal life-mates and sent off to Paris on an excursion with proper chaperones. But the lady came home alone. She said both the bridegroom and the computer were "busts."

There you have it. The computer doesn't know any more than the men who made the tapes. The verdict is just what you might expect—men know something about boxing... but nothing at all about women.

Expansion of Payroll

LITTLE ROCK (AP) — Gov. Winthrop Rockefeller announced Tuesday that Village-Ladybug, Inc., will expand its payroll at Little Rock from 80 persons to 350 persons and will build another plant.

Rockefeller said the firm, a nationally known manufacturer of women's apparel, would occupy 50,000 square feet in a building to be completed by March 1968.

Bad Risk Dies at Age 99

WICHITA FALLS, Tex. (AP) — J. J. Curry, who liked to tell the story of how an insurance company turned him down on a life insurance policy in 1899 as a bad risk, died Tuesday. He was 99.

Spending Cut \$4.3 Billion by Johnson

By FRANK CORMIER
Associated Press Writer
PAGO PAGO, American Samoa (AP) — President Johnson complied with a congressional order and took action today that will lead to a spending cut of \$4.3 billion. It could also lead to congressional enactment of a tax increase next year.

Johnson signed the spending-cut resolution on his plane as he winged to this tiny island territory from Honolulu, en route to Australia to pay final tribute to Prime Minister Harold E. Holt. He arrived in Pago Pago at 5:52 a.m., EST, for a brief stopover.

The President noted Congress had pared appropriations by \$1.8 billion and vowed he would follow its directive to cut an additional \$2.5 billion because of the need to preserve the strength of the dollar.

In the recently concluded session of Congress, the spending cut was made a condition of passage of Johnson's proposed 10 per cent surcharge on income taxes by Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee. And while the tax bill died, Mills has made clear the same condition would apply when the surcharge proposal is brought up again in January.

Johnson's destination was Canberra, the Australian capital, where he was expected to have an opportunity to chat individually with representatives of his allies in the Vietnam war and perhaps with British Prime Minister Harold Wilson.

The American chief executive will fly to Melbourne on Friday to attend memorial services for Holt, who was lost in a weekend swimming accident.

Johnson addressed several thousand cheering spectators, mostly children, and a couple dozen antiwar demonstrators at Honolulu.

In a tribute to Holt, Johnson said: "Harold Holt's vision of Asia—and of Australia's role there—was not limited to the battlefield. The end he sought was not military conquest. It was the building of a new Asia."

The vote was 576 for and only 26 against.

Miss Arkansas Guest at Hope High Seminar

Sharon Evans, the 1967 Miss Arkansas, who is a senior at OBU, will be a guest participant in the annual Holiday Seminar at HHS. This year the seminar is scheduled for 2 p.m. Thursday in the high school auditorium.

"We hope college-bound students from the Freshmen through the senior classes and their parents will attend," said Counselor Earl Downs.

Under the sponsorship of the guidance office and with the assistance of the Junior Counselors, the seminar is being held for the third straight year. Panelists discuss their college problems: Academic, social and economic.

Arkansans on Douglas Show

LITTLE ROCK (AP) — The wife of Gov. Winthrop Rockefeller will be one of five governors' wives to appear as co-hostess of the Mike Douglas Show on television this week.

Mrs. Rockefeller is scheduled to be on Thursday. Mrs. George Romney of Michigan, Mrs. Richard Hughes of New Jersey, Mrs. Claude Kirk Jr. of Florida and Mrs. John Connally of Texas are the other wives scheduled to appear.

Commission Wants Davis Eligible

LITTLE ROCK (AP) — The State Police Commission recommended Lynn A. Davis Tuesday for a "job well done" during his 4½ months as State Police director and urged that legislation be approved which would make Davis eligible to serve.

The state Supreme Court ruled Monday that Davis did not meet a 10-year residency requirement and that he was ineligible to continue as State Police director.

Gov. Winthrop Rockefeller met with the commission Tuesday and announced that Lt. Col. Carl Miller would continue in charge of the Arkansas State Police while he attempts to push through legislation revising the qualifications for the job.

Rockefeller also said he would reappoint Davis to the position if the law is amended. Rockefeller has said he will call a special legislative session in February.

Rockefeller also said that Davis was willing to accept another position with the administration between now and the special session.

Newsmen replayed the tapes of Davis' news conference Tuesday and found that they had been correct in quoting Davis as saying he would not consider any job in the administration other than reappointment as State Police director.

Rockefeller said news media reports were incorrect and suggested that newsmen replay tapes of the news conference.

Davis said "no" Monday when asked if he would accept a job as head of a department of corrections or head of the state

Now Comes Question of Whether Christmas Is Constitutional

By HAL COOPER
Associated Press Writer
NEW YORK (AP) — Debate has broken out in various parts of the country this holiday season over the question: "Is Christmas unconstitutional?"

A number of people argue that some aspects of it are, including Christmas decorations with a religious motif in public places such as schools.

Others contend that school singing of Christmas carols associated with religion also runs afoul of the First Amendment, which provides for the separation of church and state.

Mayor Norman A. Myers of Overland, Mo., was stymied by a letter from two lawyers demanding on constitutional grounds, the removal of a nativity scene from the City Hall lawn.

The mayor said he would ignore the letter and commented: "If this is the type of Constitution we are living under, it certainly is in line for revision."

In Duluth, Minn., an unbelieve named Gary DeYoung, 44, took umbrage when one of his children brought home a program indicating that traditional carols would form a part of a school Christmas program.

DeYoung asserted that "the school's use of a religious holiday to present a religiously oriented program constitutes an affront to non-Christians and is a direct violation of the First Amendment."

Flu, Influenza-like Respiratory Ailments Put Bug in Christmas

By EDITH LEDERER
Associated Press Writer
Influenza and influenza-like respiratory infections are putting a bug in Christmas preparations from Oklahoma to Maryland.

Across the Midwest, mid South and mid-Atlantic states, outbreaks of various respiratory ailments—many as yet unidentified—have forced schools to close early and businesses to curtail activity.

Though the "bugs" have left some last-minute Christmas shoppers with sore throats, fever, aches and chest pains, their arrival was not totally unexpected.

Last summer, the government's Communicable Disease Center in Atlanta forecast an influenza epidemic in the eastern

United States this winter.

Unfortunately, the prediction appears to be coming true. Flu in the Far West is either nonexistent or below normal. In the East and Midwest, however, several epidemics and near-epidemics are already in full swing.

In Michigan Asian flu was reported reaching near epidemic proportions in the southeastern corner of the state—the populous Detroit area—after soaring close to epidemic levels in the rest of lower Michigan, state health authorities reported.

Several thousand school children in scattered parts of the state were out of class because of the ailment and schools in some sections of the state closed indefinitely because of flu outbreaks.

Officials said, however, that the end of the outbreak was expected soon. It began several weeks ago at Western Michigan University in Kalamazoo, where, officials said, several thousand students missed classes because of illness due to Asian flu virus.

Alabama Health Officer Ira L. Myers, said his state was in the throes of an influenza epidemic, with 2,761 cases of influenza and 10,418 cases of influenza-like respiratory disease this week.

Dr. R. H. Hutcheson, Tennessee commissioner of public health, described the flu situation as "a government, but has left the way open for informal talks with its members."

Johnson outlined five peace conditions based on existing U.S. demands that North Vietnam "leave your neighbor alone." They included an end to Hanoi infiltration through Laos and the Demilitarized Zone, in

Suits Filed in Deaths of Six Youths

BATESVILLE, Ark. (AP) — Kenneth Hackworth of Newark, one of the plaintiffs in six suits seeking more than \$600,000 in connection with a car-train collision, is the object of a third party suit filed by the Missouri Pacific Lines and three of its employees.

Six youths were killed in the collision at Newark (Independence County) last summer and their parents have filed suits against the railroad.

MoPac's third party complaint was entered in a suit filed by Jack Milligan of Sulphur Rock, who is the father of Paul Dale Milligan, one of the youths killed in the accident.

The railroad complaint contends that Kelly Mitchell Hackworth, 15, was driving the car in which the Milligan youth was riding at the time of the collision and contends that Hackworth was guilty of "willful and wanton negligence."

The suit also contends that the youth's father was at fault for allowing his son to drive the car.

The defendants deny liability in the death of Milligan, but contend that if they are held liable by a court or jury, "Kenneth Hackworth should be jointly liable with them."

The victims in the accident include Hackworth's son, Milligan's son, David McClain, 14, Ann Koontz, 12, Jack Linsey, 15, and Terry Self, 15. Miss Self lived at Orange, Tex., and the other five at Newark at the time of the accident.

All Welfare Reserves Exhausted

LITTLE ROCK (AP) — Commissioner Len E. Blaylock said Tuesday the Welfare Department had exhausted almost all reserves and needed to borrow slightly more than \$1 million through February from the general state fund.

Blaylock said he had asked for a \$300,000 loan for this month and that he would seek a \$265,000 loan from the state in January.

Blaylock also said all of his reserves and cushion accounts would be depleted in February and that he would ask for \$140,000 that month.

The Welfare Department's fiscal problems are expected to be high on the priority list when Gov. Winthrop Rockefeller calls a special legislative session in February.

S. Vietnam Could Halt War, Says LBJ

By LEWIS GULICK
Associated Press Writer
WASHINGTON (AP) — President Johnson says "the war could be stopped in a matter of days" if South Vietnam's chief wins Viet Cong agreement to honor the Geneva accords.

U.S. pilots claim two more MIG kills and two probables. Another brigade of American troops arrives in South Vietnam.

INTERNATIONAL
President Johnson, flying to the service for Australian Prime Minister Harold Holt, signs a congressional resolution to cut \$4.3 billion in federal spending.

Louis Washkansky shows slight improvement after a transfusion of white blood cells but the heart transplant patient's condition remains very serious.

The General Assembly closes a session overshadowed by two crises it never came to grips with—the Middle East and Vietnam.

NATIONAL
An outbreak of influenza and flu-like respiratory infections spreads across the Midwest, mid-South and Middle Atlantic states.

A Los Angeles jury finds Jack Kirsche guilty of two murders. The former deputy district attorney says he will appeal the verdict.

Emergency food supplies are rushed in and a White House aide arrives as more snow hits the Navajo Indian reservation.

A debate is going on in various parts of the country this holiday season over the question: "Is Christmas Unconstitutional?"

Two Escape From Jail at Batesville

BATESVILLE, Ark. (AP) — Two prisoners escaped from the Independence County Jail here Tuesday night after one persuaded the jailer to open the cell door so he could make a telephone call. One of the escapees was captured a short time later.

Authorities identified the men as Johnny L. Collier, 18, of Texarkana, who was being held on bad check charges, and Drexell Barnett, 19, of Charlotte (Independence County), who was being held on charges of burglary and grand larceny.

Jailer Reed Kelly said it was not unusual for him to allow Collier out of his cell to use the telephone. He said Collier struck him when he opened the door and that both Collier and Barnett fled on foot.

Tax Measures Approved

MARIANNA, Ark. (AP) — Marianna voters approved four tax measures Tuesday, including a 1-mile tax to support a \$25,000 bond issue to buy fire-fighting equipment. The vote was 279 for and 52 against on that particular measure.

Residents approved a tax for a fireman's pension fund by a 260-75 vote and approved a similar tax for a policemen's pension fund by 261-72. Voters also approved continuation of the \$5 annual license fee on all vehicles by a 206-132 margin.

All Around Town

By The Star Staff

Birkett Wyllie, his wife and her brother, spent the night in Bois d'Arc bottoms but were found safe and sound this morning by searchers gathered by State Police and the Sheriff's office. . . . the group had gone hunting yesterday afternoon and couldn't find their way out of the bottoms.

Ben Walter of the Arkansas Game and Fish Commission reports that 38 deer were killed in the final season last week. . . . this makes a total of 323 kills in Hempstead County in the three seasons.

Judge John L. Wilson announces that Municipal Court will not begin until 1 p.m. on Tuesday, December 26. . . . court usually starts in the morning.

How's this for real coverage by a newspaper. . . . last night the Arkansas Razorbacks played Centenary College in Barton.

According to a report from the Veterans Administration there are 1,710 war veterans in Hempstead County. . . . 220 from World War I. . . . 1,090 from World War II. . . . 390 from the Korean conflict.

City Against Public Housing

BENTONVILLE, Ark. (AP) — Bentonville residents overwhelmingly defeated a City Council resolution Tuesday authorizing a public housing project.

The vote was 152 for, 569 against. The council had previously approved the resolution but petitions were filed necessitating a referendum.

Morrilton Beats Issue

MORRILTON, Ark. (AP) — Residents of Morrilton defeated an ordinance Tuesday calling for the collection of refuse in the city.

The vote was 254 for, 654 against.

U.S. Reports Shooting 2 MIGs Down

By GEORGE MCARTHUR
Associated Press Writer
SAIGON (AP) — U.S. pilots returning from the sixth day of raids on the Hanoi area Tuesday reported shooting down two more of the MIG jets that have challenged them in fierce dog-fights for the past week. The American fliers also reported two probably MIG kills.

On the ground, 4,300 jungle fighters of the U.S. 11th Infantry Brigade arrived in South Vietnam by ship and began coming ashore at Qui Nhon, pushing the unofficial estimate of American troop strength in the country to about 474,000. This is some 1,200 more men than the Korean war peak.

Pilots who raided the Hanoi area said the city's principal bridge—the 19-span Paul Doumer Bridge across the Red River—was battered beyond use. They reported eight spans were down and three more were damaged.

The bridge is one of two over which all road and rail traffic from Red China to Hanoi must pass and is the principal artery for munition and war supplies moved by land.

There was no estimate of how long it would take to get the bridge functioning again. But intelligence reports say the North Vietnamese have been working during the past month of cloud cover to build pontoon bridges and bamboo structures which could be quickly floated into place as substitutes.

The raiders also pummeled the big railroad shops on the northeastern edge of Hanoi. Pilots said they caught some 50 rail cars and left them under a blanket of flame and smoke.

The two MIG kills brought the total number of Communist jets claimed by American pilots to 101. The American Command credits Red pilots with shooting down 36 U.S. warplanes over the North, including two since the letup in the northeast monsoons last Thursday permitted the resumption of intensive attacks on the Hanoi area.

Carrying new dull-black M16 rifles and dark green field equipment, the 11th Brigade troops marched onto Vietnamese soil to a welcome from Gen. Creighton Abrams Jr., deputy commander of U.S. Vietnam, and Marine Lt. Gen. Robert Cushman.

The brigade will undergo orientation training, then join the American Division in combat. They had trained since early this year in the thick vegetation of Koolau Mountain, on the Hawaiian Island of Oahu.

The American Division, operating in the jungles and on the coastal plains of Quang Tin and Quang Nam provinces about 300 miles northeast of Saigon, reported killing 55 Communist soldiers in running, scattered fighting Tuesday.

In another sensitive war zone, along the Cambodian border northwest of Saigon, troops of the U.S. 25th Infantry Division early today killed 39 Communist soldiers who tried to overrun a brigade base camp.

The Reds laid down a barrage of more than 200 mortar rounds and then hit the camp in battalion strength—about 300 men, attack planes, artillery and helicopter gunships went into action, and the attack was quickly contained. Three Americans were killed and 11 were wounded, the U.S. Command said.

City Against Public Housing

BENTONVILLE, Ark. (AP) — Bentonville residents overwhelmingly defeated a City Council resolution Tuesday authorizing a public housing project.

The vote was 152 for, 569 against. The council had previously approved the resolution but petitions were filed necessitating a referendum.
